Fuel Rail and Wiring Harness Management Assembly Patented

Area Company receives US Patent on Fuel Rail Assembly

Innovation Law Group, Ltd. of Sequim is pleased to announce that the US Patent Office issued US Patent 8,061,332 to local Puget Sound businessman, Richard H. Harbert, of Mukilteo. The patent is directed to a combined fuel rail and wiring harness shield assembly for each bank of cylinders of an IC engine. The patented fuel rail is formed from extruded aluminum and includes wings to provide a wiring management channel.

ILG assisted Mr. Harbert in the preparation, filing and prosecution of the US patent application. ILG is the premier patent and trademark firm on the Olympic Peninsula, offering over 45 years experience in all phases of Intellectual Property and related business counseling from its Sequim office. ILG can be reached at 360-681-7305 or www.InnovationLaw.com.
