### **RFID Tag Power Conservation System Receives US Patent.**

Innovation Law Group, Ltd. of Sequim is pleased to announce that the US Patent Office issued US Patent 8,054,160 to area businessman, Anthony Corrado. The patent is directed to active multi-modal RFID tags having a special control algorithm that extends tag battery life from a typical 6 months to more than 5 years. The patented system is particularly useful in RFIDs used for inventory control and person tracking systems where power conservation is critical.

ILG assisted Mr. Corrado in the preparation, filing and prosecution of the US patent application. ILG is the premier patent and trademark firm on the Olympic Peninsula, offering over 45 years experience in all phases of Intellectual Property and related business counseling from its Sequim office. ILG can be reached at 360-681-7305 or [www.InnovationLaw.com](http://www.InnovationLaw.com).
