**Camaraderie Cellars Commercializes
HiTech Wine Barrel Bung**

Innovation Law Group, Ltd. of Sequim is pleased to announce that Don Corson, winemaker and owner of Camaraderie Cellars of Port Angeles, has had its new compound wine barrel bung adopted by the world's largest barrel manufacturer, Seguin Moreau, as a promotion for all of Europe. It is also being used by prestigious American wineries, including Walla Walla and Napa Valley.

The Camaraderie Cellars bung sold, under its LUX[®] registered trademark, has an elastomeric cup fitted on a glass body. The cup compensates for irregularities of the barrel opening. The glass body is attractive and can be engraved or printed with the winery logo, becoming a commemorative and collectable item. Camaraderie Cellars can be reached at 360-417-3564 and email: ccwinemaker@gmail.com.
