**Even Fire90°V12 Reciprocating EFI/DIS Fueled/Fired
IC Engine Having a PCM Controller Patented**

Area company receives US Patent on V12 Engine.

Innovation Law Group, Ltd. of Sequim is pleased to announce that the US Patent Office issued US Patent 7,979,193 to local Puget Sound businessman, Richard H. Harbert, of Mukilteo. The patent is directed to an Even Fire 90°V12 internal combustion engine having a controller operating the engine in a novel fueling and firing sequence called Progressive Single/Pair (PS/P) firing, wherein the cylinders of each of a set of four pairs of internal cylinders re simultaneously fueled and fired in parallel to produce a pump-gas fueled power curve greatly improved over V6 and V8 engines.

ILG assisted Mr. Harbert in the preparation, filing and prosecution of the US patent application. ILG is the premier patent and trademark firm on the Olympic Peninsula, offering over 45 years experience in all phases of Intellectual Property and related business counseling from its Sequim office. ILG can be reached at 360-681-7305 or www.InnovationLaw.com.
